@CatAngel, No, just no. We shouldn't even have to explain why. You didn't seem to follow the forms at all.

I'll post my forms when I'm off mobile, that might not be for a while though so save a prong horned deer hero, and a Yangtze giant softshell turtle hero.

oof, finally done! Please tell me if I need anything!

Name: Gloria Byrne
Hero Name: Puma Light
Gender: Female
Age (13-17): 14 years
Sexuality/Orientation: Pansexual grayromantic
Appearance: Gloria is below average height of 14 year-olds by 3 inches (which she doesn't admit to) and most of her "height" is from her legs, which are longer than her torso. Gloria has a light brown skin tone, with dotting freckles along her nose and cheeks, although there are few. Her hair is wavy and short, with (when she's happy) a small bounce whenever she takes a step. The hair itself is dark, coffee brown with a few streaks of milky brown mixed in. Her eyes are a blue-ish gray and somewhat small. She has a broad, but thin, build. For clothes, she typically wears an aqua shirt-dress and midway khaki jeans. Her shoes are silver and dark turquoise lace-ups with heels. Gloria, when drawing or doing something with her life, can also often be seen with a short jacket on.
Personality: Gloria has a pretty bad low self-esteem issue, causing her to become more of a distant, introverted person. Nevertheless she likes having quiet, gentle company and is pretty confident in others. Throughout her

normal days she'll go through mood swings, so she often ends up irritated at someone for doing the slightest thing. Gloria gets upset easily, and will probably lie or make up an excuse for how she reacts. In her good mood, she can be caring for the people close to her and willing to do pretty much anything. During competitive sports or basically anything exciting, she can get into her most egoistic state (Wait… she already was in one?) and often say things she's not supposed to. Mostly, her personality changes with the people around her. Another thing, she loves roller coasters and thrill, so she'll rant on and on about them any time she possibly can. Nearly all the time, Gloria is doodling, sketching, drawing, etc. about cats in her notebook.
Hero Appearance: Puma Light has the same body shape as Gloria, but with a bit of height added to her. Puma Light's eyes are larger and have a grayer hue than Gloria's. Her hair is longer and has the same milky color Gloria's highlights are, with the ends being more on a tan color. Her suit is mainly dusty tan, and the torso is a white circle like in the cartoons with mountain lions in them. Her hands are faded into a black color from the tan. Puma Light has dusty tan ears with black tips. Inside the ears are fluffy white tufts of fur. She has a long tail with a tuft at the end coming from her back.
Hero Personality: Puma Light has a very large ego and loves to brag about nearly everything. She believes she's the literal best, which means she prefers to work alone and away from anyone else that may work with her. Puma Light can be… err, the flirty, charming one, who can get pretty distracted by anyone who does their job well. She can be witty and intelligent when needed, but she usually brings out the sly side of her instead.
Weapon: A foot-long aqua stick with a looped, extending cord that can be used as both a grappling hook kind-of-tool or, like Ladybug's yo-yo, something to grab people with.
Powers: Enhanced agility, can hide easily into most things.
Special Power (i.e..: Cataclysm, Lucky Charm): Dustfall; can shower one object/person in dust and (sometimes) small rocks to slow down an object/person that last for around two minutes, or until the subject waves away all the dust. It can only be used once.
Miraculous Appearance: Gloria has an upper arm bracelet, typically attached between her elbow and shoulder. It is a tan-brown color with a small tan gem attached.
Mental Strengths: Supportive, intelligent.
Physical Strengths: Strong leg strength, balanced.
Emotional Strengths: Usually happy
Mental Weaknesses: Distant, and has low self-esteem
Physical Weaknesses: Weaker upper body strength, and barely any aim
Emotional Weaknesses (Akuma prey): Easy to upset, and she has violent mood swings
Other: OwO what's this

Name: Chippi
Pronouns: She/Her
Animal: Mountain Lion/Puma/Cougar
Personality: Chippi has an ego like Puma Light's, but shows some compassion every once and awhile. She adores affection and attention, with the preference of her being the center of it all the time.
Appearance: Chippi looks like Puma Light's outfit, but without any black on her and the tips of her ears are fluffy as well. She has dark gray eyes. Her tail is smaller and thinner that Puma Light's tail.
Food: Potato Chips (the saltier, the better)
Other: OwO what's this

@Winter: Accepted!

@Cat:
It looks good so far, but-

1. She has some conflicting traits. While conflicting traits are possible in a character with good reason, she has a lot, and there doesn't seem to be much of an explanation. For instance, she's calm, yet is bellicose and impatient; why is this? If she's indifferent, why would she seem to have a qualm with a lot of people? This is implied when you state she's impatient/aggressive.
2: You state she has a slender build, yet she can also punch a hole into a wooden door. Does she have some muscle? I think indicating this is a good idea.
3: Her appearance is very wordy. Is it vivid? Yes, but it's hard to read. I suggest chopping some things off next time — for instance, her exact expression, her cheekbones, the fact she wears no makeup, etc. Detail about what a character looks like is good, but only to a certain extent. This is more of constructive criticism rather than a reason why Beatrix isn't accepted.
4: Please go and read the entire thread over; you're missing some things in Other.

@Catangel:

I'm sorry, but your form has... a lot of blatantly obvious things wrong with it. Please use the proper form and redo it.

Name:Li Asheville
Hero Name:Shadow Weaver
Gender: Agender/Agenderflux/They dont even care anymore
Age (13-17): 15
Sexuality/Orientation: Aroace af
Appearance: Li dresses about as queer as they feel, with a half-shaved head of black curls and a mess of gender non-conforming clothing. They bind regularly and wear bright red wide-rimmed glasses. In term of build they are barely about average in height and built with a decent muscle, something they take too much pride in. Their eyes are a shade or two lighter than their hair and their skin lends itself to a healthy tan all year round.
Personality: A mishmash of traits, Li struggles with who they are and who they're meant to be. They try to be diplomatic but often loses control of their short temper. They can swing wildly from childlike joy to absolute silence to blood-red rage all within the same day and never know why. Li tries to deal with things internally and usually makes a mess of it. That begin said, they're a great listener and a pretty good advice giver, unless it comes to romance. Anything but romance. Please. They can be a solid influence when they're in control of of their compulsions and loves to make anyone smile. They're an active participant in school and they need to help in anyway they can.
Hero Appearance: Shadow Weaver is dressed in black from head to toe, and they love every minute of it. Their hair turns several shimmering shades of silver, matching the spiraling silver webs that thread their suit and mask. Speaking of, their suit is suit-ably skintight and clings to everything, though their chest is mysteriously flat and their eyesight surprisingly clear.
Hero Personality:As a hero, Shadow Weaver is driven and confident. They know that they're doing the right thing, and they won't hesitate to get it done. They have a strict moral code they follow to a t and though they don't like to hurt the other side, they will if necessary. When working they can be personable and kind, lending an ear to those who need it and always ready to step us as leader when they need to. Unfortunately, Shadow Weaver struggles with extreme guilt over the people they couldn't help and tends to act rashly or lash out when pressured/overwhelmed.
Weapon:A single strand of string so thin you can barely see it. It shimmers gold and never seems to break or run out.
Powers: Agility, flexibility, wall-crawling
Special Power (ie.: Cataclysm, Lucky Charm): Weaver's Wrath. Rings of black webbing surrounds Shadow Weaver's opponent and holds them their for two and a half minutes.

fresh right from discord itself: scarf boy

Name: Zotikos Ariti (Zotikos = full of life; Ariti = friendly, approachable)
Gender/pronouns: Nonbinary, primarily uses he/him but depends on the mood
Sexuality: Pan babey
Age: 16
Appearance: Zotikos is tall, with a lean build and well-tanned skintone and a heavy smattering of freckles on his face and arms. He has bright, lively blue eyes and black hair that's constantly swept back, though with a few unkempt strands that he doesn't bother fixing.
A constant for him is a giant scarf, long and obnoxiously bright yellow, loosely wrapped around his shoulders that he's never seen without. Typically his clothing gives off the vibe of someone neat and organized, yet at the same time can be obnoxiously bright, depending on the day and his mood. Most typically he wears a plain white button-down shirt with black folded sleeves rolled up to his elbows, black pants and suspenders, and black shoes with bright pink tread.
Personality: First and foremost Zotikos is loud, bright, and generally an extremely positive force. He's outgoing, and could easily be compared to a puppy with his boundless energy. Often he's subconsciously stimming in some way, usually tapping his feet or playing with his scarf or fiddling with anything within reach. He loves being cheesy, and is also a huge flirt. While he can be rather oblivious, he's still an extremely kind and empathetic person at heart. He's always trying to find what's best for whoever he can.
Mental Strengths: Always trying his best to be optimistic no matter what.
Physical Strengths: Very coordinated and well-balanced.
Emotional Strengths: Good at making a joke of things; insults tend to roll right off him.
Mental Weaknesses: Usually has a short attention span- bad at paying attention or keeping track of things.
Physical Weaknesses: Once you get close to him he's pretty much done for; not good at holding his ground.
Emotional Weaknesses: Ultimately he strives to help people, and feels extremely guilty if things go wrong, even if he can't necessarily be blamed for it.
Other: OwO What's this? my lack of self control is showing?

twilightdragon1936

Name: Victor "Viv" Morrigan
Hero Name: Cottonfang
Gender/pronouns: male, crossdresses and really doesn't care about pronouns though
*Sexuality: Panromantic pansexual
Age: 17
Appearance: Long red hair with pink streaks tucked into a low ponytail, pale blue eyes with ice blue flecks, pale skin. Extremely feminine in appearance, and knows it. He usually wears form fitting clothing, black and formal, or casual with tank tops, white lab coat/jacket, pants still black but are tight jeans. If he wants to mess with people he'll wear a long flowing dress with heels. Tall, around 6'3", with a lean body frame.
Personality: Chaotic as heck with a giddy nature. He has no impulse control and drags whoever he can into what he wants to do. He's prone to stealing just for the thrill, though he never actually keeps anything. He has a constant partner in crime who he'd devote anything to, although he won't admit it. He's a bit of a show off and a liar, and will keep many secrets. He seems calm and collected at first appearance, but get to know him further and you see his wild eyes, compulsive nature, and actions you want him to regret. This can easily drive people away, and also makes him lonesome, and he bottles up his feelings pretending not to care.
Hero Appearance: dark brown bodysuit with a pale stomach leading to the neck, long tail trailing off of it, the back has light brown and black splotches with cream outlines on them. The mask is cream.
Hero Personality: Just as chaotic as before, if not more. Feels as though since he hides behind a miraculous he can't be punished.

Powers: Increased agility, strength, can swim faster
Special Power (Cataclysm, Lucky Charm): Coil- Cottonfang charges an attack that when hitting the opponent paralyzes them for 30 seconds.

Mental Strengths: calculating
Physical Strengths: fast, with stamina to last for a while
Emotional Strengths:

@Marine, I am not one of the mods for this RP but if you read in the rules it says you cannot have a mythical creature meaning you cannot make a siren themed hero. You could go for a sirendae which is like an Axolotl with long tail and no back legs.

@Catangle, you cannot threaten to report the person who said your form is not accepted. If you look around everybody is following the rules (or at least as best they can) and using the forms. If you want one of the mods to accept your oc, you have to abide by the rules like everyone else here.

Sorry if this bothers y'all who actually controlling just wanted to help out a little.

Name: Annabel Fuhns
Hero Name: Cassowary
Gender: Female
Age (13-17): 13
Sexuality/Orientation: Straight
Appearance: Annabel is a 5.8, pale-skinned girl with one or two freckles around her nose and grey-green eyes. She has long reddish-brown hair that she often keeps in a loose ponytail and a fringe that comes down to her eyebrows. She usually wears whatever is appropriate for the current day (for example is it's cold she'll wear a long sleeved shirt and a jacket).
Personality: Annabel is a caring girl, more concerned for the well-being of others than the well-being of herself. She has trouble focusing on important tasks, but with anything else she won't stop until she's completed it. She's very imaginative, sometimes even getting so lost in her imagination she doesn't realise what's going on around her.
Hero Appearance: Cassowary wears a skin-tight light blue suit that slowly becomes darker in colour at the bottom.
